RE: Columbia Gas's Motion for Confidential Treatment
Case No. 2007-00517

Dear Mr. Seiple:

The Commission has received your petition filed December 13, 2007, to protect as confidential that part of the Gas Price Hedging Plan that identifies information about Trigger Prices and the quantities of gas to be hedged at the identified Trigger Prices. A review of the information has determined that it is entitled to the protection requested on the grounds relied upon in the motion, and it will be withheld from public inspection.

If the information becomes publicly available or no longer warrants confidential treatment, you are required by 807 KAR 5:001, Section 7(9)(a), to inform the Commission so that the information may be placed in the public record.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "Beth O'Donnell".
